A personal approach

Choosing the right tissue supplier can really help your business deliver better results.

ABC has brought a new spirit of competition to our industry. We've grown by treating our customers as individuals, whether you're a corner store or a major corporation.

We're the only major tissue product company owned totally by Australians. Our management is hands-on involved with every part of our business, so we can be totally focused on our customers.

And we can make decisions in an afternoon that might take others three months of meetings.

Flexible

To keep our customers happy, we must be flexible and fast. We're always looking for new customer needs and opportunities. We custom-design unique products to suit you and your local market.

You'll find our sales approach refreshingly flexible, too. We believe in an honest approach to business. If we can help you out, we will.

Good for Australia

When you buy from ABC, you're supporting Australian jobs. We're investing heavily in local production facilities to get you stock quicker, easier and more economically.

Our purchase of Softex Industries in Brisbane, with its advanced paper recycling plant, puts us at the forefront of environmental responsibility in our industry. We're working hard to keep Australia cleaner and greener.

The quality you want, the range you need

ABC makes purchasing so much simpler, because we offer a much wider range of products.

When you buy from across the ABC range, you get better value from your increased purchasing power. With fewer deliveries and less paperwork, stock control and invoice processing becomes much easier.

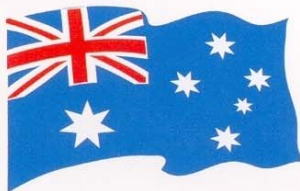

Unrivalled value for money

We don't spend a huge amount promoting our products. Instead, we focus on delivering maximum product quality, at a price point that sells itself.

For any given quality category, you'll find that the ABC product will beat our competitors' price. If you're looking for pure product quality, rather than just a brand name, choose ABC.

The spirit of competition

ABC serviettes

Your customers will enjoy the premium look and feel of ABC serviettes, and you will appreciate the price and quality benefits they bring to your business. They offer a genuine alternative to labour-intensive, less absorbent products in the hospitality environment.

Quiltex 2-ply Premium quality

Micro quilting gives these serviettes extra softness, making them gentle to the skin for the most discerning customer. Quiltex is also a very strong product with powerful absorption technology.

Available in a range of popular décor colours, it's the ideal choice for any hospitality need.

Luncheon and Dinner Range

With sumptuous softness and the distinctive ABC rose pattern, these serviettes create a classic, sophisticated mood around the table.

They are available in both 2- and 3-ply, in a wide range of décor colours.
