The mark of responsible forestry

A personal approach

You're busy, so you might not spend a lot of time thinking about the world of tissue products.

But it's a vital part of your business, it's something customers care about.

At ABC Tissue Products we work with you, our customer, to find the best possible solution. Whether it's premium quality tissue products or lower priced consumables, at ABC Tissue Products our range is broad enough to suit all needs.

Since we started in 1985, ABC Tissue Products has become the leading Australian owned tissue manufacturer, producing Australian made products for the Australian market.

The majority of ABC management team has been with the company from the beginning, offering a 'hands on' approach and is involved with every aspect of the business.

It is our personal approach to business, which ensures our personal commitment to our customer.

ABC Tissue Products - a proudly Australian owned company

Australians have turned to ABC Tissue Products for over four decades as a necessary part of life. Everyday our products are called upon to enhance the health, hygiene and well-being of our families.

The company behind well-known and trusted brands of toilet tissue, facial tissue, kitchen towels and napkins, ABC Tissue Products is now one of the leading tissue paper product suppliers in Australia.

ABC Tissue Products has been able to achieve this by operating manufacturing facilities in New South Wales, Queensland, Victoria and Western Australia, creating more jobs throughout Australia.

ABC and the Environment

As a manufacturer of natural products ABC Tissue Products is acutely aware of the importance of the environment. Clearly the continuity of forests and ecosystems that provide us with raw materials are crucial to our future success.

ABC Tissue Products uses resources approved by the world's two largest forestry certification systems for responsibly managed forests, Forest Stewardship Council® (FSC®) & The Programme for the Endorsement of Forest Certification (PEFC). Their marks of approval are your guarantee that by buying our products you are helping to protect forests for future generations and promoting the responsible sourcing of timber resources worldwide. Furthermore, we do that extra bit for the environment by operating our own paper recycling plant in Brisbane.

Towel range

Leading the market place with innovative products, ABC Tissue Products has created an Australian 2 ply Hand Towel with our **Optimax®** range.

Our 'micro-quilting' process has been developed to provide a soft feeling towel with the added strength of 2 ply tissue.

Additionally, the **Optimax®** 2 ply hand towel not only provides a soft feeling towel, but provides greater absorbency with each and every wipe.

So, why not try the **Optimax®** difference today.

EARTHCARE PRODUCT RANGE

Earthcare Product Range

There's a popular myth that environmentally friendly products are a costlier choice.

At ABC Tissue Products, we believe that you and your organisation shouldn't have to make sacrifices to help save our country. But as mainstream Australia starts to demand environmental responsibility...

EARTHCARE® range is helping your organisation play its role.

Good for Australia

When you buy from ABC Tissue Products, you're supporting Australian jobs. We're investing heavily in local production facilities to make sure we deliver your goods quicker, easier and more economically.

Our new machinery in Brisbane, with its advanced paper recycling plant, puts us at the forefront of environmental responsibility in our industry. We're working hard to keep Australia cleaner and greener.

ABC®

ABC SERVIETTES PRODUCT RANGE

ABC Serviettes

Your customers will enjoy the premium look and feel of ABC serviettes, and you will appreciate the price and quality benefits they bring to your business. They offer a genuine alternative to labour-intensive, less absorbent products in the hospitality environment.

Quiltex® 2 Ply Premium quality serviettes

Micro quilting gives these serviettes extra softness, making them gentle to the skin for the most discerning customer. Quiltex is also a very strong product with powerful absorption technology.

Available in a range of popular décor colours, it's the ideal choice for any hospitality need.

Luncheon and Dinner Range

With sumptuous softness and the distinctive ABC rose pattern, these serviettes create a classic, sophisticated mood around the table. They are available in both 2 and 3 Ply, in a wide range of décor colours.
